Terminal Construction Update

April 2021

TRAVEL ALERTS

- Terminal Construction is **not** expected to impact travel.
- **Per TSA regulations, curbside is for immediate pick-up and drop-off only — no parking or unattended vehicles are permitted.** Please utilize the short-term parking lot (**60-min free**) for extended passenger pick-up/drop-off.
- **Coronavirus (COVID-19)** - Federal Security Directive mandates masks must be worn at all U.S. airports and aboard scheduled passenger aircraft. (TSA Directive 1542-21-01)

Bear With Us...

We're on the path to a brand-new terminal — one step at a time!

The Missoula valley is growing, which means passengers are using the Missoula Airport more than ever! We're working to build an airport that meets the needs of modern travelers to and from western Montana.

Below, you'll find updates and information on our terminal expansion project.

Project Updates

In Progress...

As of April 2021, construction on the South Concourse at the Missoula Airport remains on-schedule and on budget.

- **Parking Lot Expansion – 75% Complete**
 - As a result of decreased passenger traffic due to COVID-19, work to expand and optimize the airport parking lot began last summer. Improvements include wider, easier to navigate rows and around 270+ additional parking spaces.

- The remaining work on the parking lot will wrap up early this spring, just in time for summer travel!
- **Vertical Construction**
 - Fully enclosed and with temporary heat in place, installation of doors, windows and exterior siding is underway.
 - This summer, interior finishing work will continue in preparation for final equipment and systems installation this fall.
- **East Concourse Design**
 - One of the most commonly asked questions we receive is "What happens after completion of the South Concourse"?
 - Design is well underway for the second phase (East Concourse) of the terminal expansion project and being evaluated for financial and operational feasibility.

Coming Soon...

- **Parking Lot Exit Plaza**
 - Scheduled to begin this spring, construction of a centrally located and expanded exit plaza will reduce congestion and ease navigation out of our parking lot.
- **South Concourse Dedication and Open House - 2.22.22**
 - Early next year we will officially dedicate and welcome the community to the South Concourse for a behind the scenes look and open house before operations commence.
 - Save the Date! February 22nd, 2022

Already Done...

- **New Logo/Website Launch**
 - Late last year we launched our new website which features an improved flight status tracker, interactive FAQs and terminal construction photo galleries!
 - Our new logo and updated branding provided a much needed refresh as we draw closer to our new terminal.
 - The updated "Missoula Montana Airport" name proudly highlights our prominent location to serve as a launching point for your Montana adventure or a trip abroad
- **New Airport Entrance**
 - Last summer, the new terminal access road opened for public use. All airport traffic is now using this expanded roadway to access the main terminal.
 - This new road system will help accommodate larger passenger volumes and features additional arrival/departure lanes, enhanced lighting and digital signage
- **Automated Baggage Screening**
 - Team MSO is proud to announce that we have received a grant from the Transportation Security Administration to install an automated baggage screening system.

- This system will centralize baggage screening at the airport. After being tagged by your airline, all bags are placed into the system for screening, no more hauling your bag to TSA after checking in!

Stay tuned!

Things to Know for Your Next Trip to MSO

Coronavirus (COVID-19)

- Please check directly with your airline for any safety or travel related restrictions.

Real ID

- Beginning **October 1, 2021**, every air traveler 18 years of age and older will need a REAL ID-compliant driver's license, passport, or another [acceptable form of ID](#) to fly within the United States. For questions, please visit: <https://www.tsa.gov/real-id>

Departing Flights

- Airlines recommend checking in at least 2 hours prior to your scheduled departure time.

Meeting Arriving Passengers

- We know you'll be anxious to pick up your arriving friends and relatives, but please remember that the curbside area is for immediate pick-up and drop-off only — **no parking or unattended vehicles are permitted on the airport curbside.**
- There is now free parking for 60 minutes in our short-term lot.

Gates with a "VIEW"! Our new hold rooms will feature a state-of-the-art window system from VIEW Smart Glass, see below for more information.

MISSOULA AIRPORT CARES ABOUT THE ENVIRONMENT AND PASSENGER COMFORT

The Missoula Airport expansion will feature View Smart Glass.

View Smart Glass intelligently tints to maximize views and manage glare and heat.

Benefits

Maximized glare control and thermal comfort

Glare-free environment for personal device usage

100% access to views

Annual energy savings

View Smart Glass will be featured in post security concessions and gate areas.
